Feedback from talks about school lunch. Some classmates wonder why the cooks touch the food with bare hands?

Does it matter if you are late to school? Why?:

- It does matter because people come late and they disturb our reading time.
- It does matter because you miss out on key learning and fall behind in reading and comprehension. This means others will be getting better, while you stay the same.
- Some people feel it does not matter because you might live far from school. School council suggests these people leave earlier to get to school on time.
- Some people say it matters because you will miss out on learning or you may be late for an educational visit.
- It depends why you are late, you may have a good reason such as a medical appointment.
- It is important because there is an attendance trophy and everyone wants to win!
