

School Council Minutes

Date: 20/1/22

Classes present: 2I, 2R, 3H, 3A, 4R, 4D, 5I, 5E, 6P, 6S

Topic: Sustainability and the Environment

Actions met since last meeting: 1) Morrisons have donated 500 reusable bottles for Keir Hardie. School council will collect next week.

Project 1: Wear Red Day 4th Feb 22- children's heart disease/conditions

4th of February will be wear Red day. Wear Red Day helps spread awareness of congenital heart defects and diseases in children.

Councillors have agreed that there will be a 'Wear the most red' challenge where pupils/staff will dress in as much red as possible to spread awareness about this day and will donate £1 to go to the Children's Heart Surgery Fund.

Hezekiah and Innaya have agreed to work with Ms Ile to create a poster/slide show to explain the day, what heart defects are and ideas to spread awareness.

Project 2: Sustainability slogan

Councillors were successful at receiving reusable bottles for our Keir Hardie. However, staff and pupils have noticed that lights are still being kept on, computers and IBW still on when no one is using them.

To combat this councillors will lead the class council meeting and try to generate a class slogan to reduce waste and preserve energy.

Slogans will be displayed around school to remind others to be mindful of using energy.

Next steps:

- Hezekiah and Innaya to create a poster/slides about CHFS and meet with Ms Ile at 12.15 on 25/1/22 to finalise it.
- School councillors will use links to increase their own awareness and understanding of Wear Red Day
- Councillors will share slides in class meeting

Next steps:

Classes to discuss and create energy slogan in next class meeting.

Any other business:

School councillors to observe how energy is being used in their classes

Risk assessment and permission slips to be completed before visiting Morrison.
