

School Council Minutes

Date: 21/2/22

Classes present: 2I, 2R, 3H, 3A, 4R, 4D, 5I, 5E, 6P, 6S

Topic: Sustainability and the Environment

Actions met since last meeting: Year 4 have created energy slogan for their classes. EYFS have trailed the reusable bottles- Bottles will need to be taken home to be washed and personalised.

Project 1: Reusable bottles

3rd March all classes will have a reusable bottle. School councillors have trailed the bottles in EYFS and have come up with some conditions before the bottles are given:

- All bottles must be washed daily to prevent illnesses. Therefore children will need to take their bottles home
- All bottles look the same so pupils are invited to personalise/customise as they wish
- All classes write thank you letters to Morrisons for the bottles
- 4th March is the last day to use single use bottles. **THIS INCLUDES ALL PUPILS AND STAFF.**

Councillors will share a power point with their class explaining the use of bottles, the importance of sustainability and our pan on single use plastic bottles- 3rd March

Project 2: Pupil voice survey

Ms Tromp and School Council have come up with questions for pupils related to learning at Keir Hardie. All Pupils will receive a questionnaire to complete as homework:

KS2 + Year 2- Google drive

Year 1 + EYFS- Class Dojo

This information will help guide subject leaders to make pupil learning and the curriculum more meaningful and effective for our pupils.

Next steps:

- Councillors to read power point and be ready to share bottles and information with classmates
- All staff to be aware of the deadline to stop using single use bottles
- Ms Ile to draft a parent mail explaining sustainability drive to parents
- All pupils to receive and customise bottles; write to Morrisons.

Next steps:

Ms Tromp/Mr Baako to approve questions by 3.30 Monday 28th February.

Class teachers to post surveys for homework next week- to be handed back by WB 7-3-22

Any other business:

Red Nose Day 18th March : Sharing pictures/ memories of what makes you laugh- WHOLE SCHOOL

Energy slogans – continuing
