Red words

A red word is a **word that you can not sound out phonetically** (Fred Talk) for example - go, my, all, the, said.

We teach the children to understand that in red words some of the letters make a different sound to what we would expect.

As your child works up through the books, the red words will become more challenging.

Here are the red words your child should practise for Purple group.
Remember to practise reading previously learned red words.
